ORDER:

In the reference 1st read above, the Engineer-in-Chief(Irrigation), Hyderabad has submitted proposals for according necessary Permission for drawl of 700 KLD water through radial Collector well from Champavathi river to cater the industry need by M/s. Kyori Power Private Limited, Velduru(V), Pusapatirega(M), Vizianagaram District and also for conducting the Ground Water Survey for ascertaining the availability of Ground water in the river bed of Champavathi subject to certain conditions as indicated in the reference 1st read above and also submitted a detailed report in the reference 2nd read above for according permission as recommended by the Ground Water Department for an infiltration well at VES-2(Vertical Electrical Soundings) under Consumptive use with usual terms and conditions and also the terms and conditions laid down by the Ground Water Department.

2. Government after careful examination of the proposal, hereby accord permission for drawl of 700 KLD water through radial Collector well from Champavathi river to cater the industry need by M/s. Kyori Power Private Limited, Velduru(V), Pusapatirega(M), Vizianagaram District for a period of 10 years under Consumptive use subject to the concurrence of District Collector, Vizianagaram and clearance of Pollution Control Board with usual terms and conditions along with the terms and conditions laid down by the Ground Water Department:-

Terms and conditions as follows:-

1. The Officials of W.R. Department should be allowed to the plant area as and when found necessary.
2. The firm should not draw water from the river Champavathi in any situation.
3. The entire cost of construction of pump house, pipelines excavation etc., should be borne by the Industry only.
4. Water meters or suitable measuring devises should be installed by the Industry at their own cost to measure the water consumed and should made available to the department authorities and the representatives of the user shall be present at all times of Inspection.

P.T.O.,

5. The Industry should pay water rate at the existing rates and subject to revision by the Government from time to time every month. In case of failure to pay water rate/royalty, the permission to draw water shall stands cancelled.
6. No field bodhi or pipe line shall be taken through or along with Government land without approval of Government and if permission is accorded, payment shall be made as fixed by the Government only.
7. The Industry shall obtain the prior concurrence of concerned department for laying pipeline and for crossing etc.
8. The Industry should make their own arrangements for supplementation of water in their premises only.
9. The Industry should make their own arrangements to dispose the treated effluents as per norms of Andhra Pradesh Pollution Control Board in their premises only.
10. The Industry should obtain prior permission if any needed from Government to dispose treated effluents in the natural sources.
11. The W.R. Department reserves the right for cancellation of the permission without assigning any reasons thereof.
12. The Industry should acquire the private land for installation of pumping arrangements. If the Industry proposes to utilize Government land for installation of pump house, necessary lease permission is to be obtained and the lease amount as fixed is to be paid by the Industry.
13. The Industry must strengthen the river margin 100m on either side of the proposed off take point to avoid slips, erosion of banks and to protect existing margins as directed by the department.
14. The Industry should lay the pipeline duly leaving not less than 1.00 m from the toe of the flood Bank.
15. The Industry has to lay the bed in CC M15 grade before laying the pipeline and CC M15 grade over the pipe line and refill the pipeline with proper soils and consolidate the banks as directed by the department.
16. The Industry has to construct CC walls to avoid leakage at pipeline crossing.
17. The water drawn from the River Champavathi should be utilized for the purpose for which permission is granted. Any misuse in this regard will entail cancellation of the permission without any notice and liable for imposition of penalty.
18. The Industry should follow the Revenue Board Standing Orders.
19. The Industry shall pay security deposit at 2.5% on water charges for which permission is granted.
20. The permission shall have to be renewed well in advance before the expiry of permission.
21. The Industry shall pay one year water charges in advance and any amounts due to the department before entering into agreement.

Contd.. 3.,

22. The present rate of royalty charges is Rs.5.50 per 1000 gallons as the water is used for consumptive use. The water royalty charges are likely to be revised by the Government from time to time.
23. The Industry should make its own arrangements for summer storage during summer period.
24. The Industry has to conclude an agreement with the concerned S.E., Irrigation Circle, Visakhapatnam as per B.S.O., details of pump house conveyance system etc., shall be furnished to department.
25. A detailed plan showing the location, the intake arrangement, details of pump house, conveyance system etc., shall be furnished to the Department and got approved before execution.
26. The Industry shall abide any other conditions laid down by the Government /Department from time to time.
27. The firm has to pay the water charges for the estimated quantity in advance at the start of the every Financial year ie., before 10th April every year as per BSO.
28. The consumptive utilization of 700 Kilo Liters/day should not be exceeded under any circumstances.
29. The department is no way responsible for any damages that may occur to the off take point.
30. The Department is no way responsible for the availability of required quantity of water.
31. Non adherence of any of the above conditions by the Industry entails cancellation of the permission without any notice.

3. This order is effective if the industry is in existence and subject to collection of water charges from the date of its supply.

4. The Engineer-in-Chief(Irrigation), Hyderabad shall take necessary further action in the matter, accordingly.
